Download Assassin's Creed 1 Highly Compressed Creed 1 Online CzThe plot is set in an imagined history of real-world events and follows the age-old battle between the Assassins, who fight for unity with free will and the Templar, who desire peace over control. The game takes place mainly amid the Third Crusade in the Holy Land in 1191, with the plot turning around the unpublished Order of Assassins, based on the Hashishin sect. The player is insensitively playing as a modern man named Desmond Miles, who will end the use of the machine called the Animus, is accepted viewing and controlling the protagonist's genetic thoughts of his ancestors, in this case, The Altaïr Ibn-La'Ahad, a member of the Assassins. Through the plot device, details emerge of an attempt between two factions, Templars and the Assassins, ditched an artifact known as The Piece of Eden, an ancient artifact used to control thoughts. The game received normally positive reviews, with critics praising its narrative visuals, art design, and originality, although the game was also criticized for the constant nature of its gameplay. The Assassin's Creed won several awards at E3 in 2006, as well as a number of end-of-year awards after its release. The game spawned a series of Assassin's Creed II, which was released in November 2009. Since its release and the success of Assassin's Creed II, subsequent releases were annual until 2016 – with a number of other Assassins and periods. Must download the latest version. Assassin's Creed 1 PC game is an action-adventure video game in which the player mainly looks at the role of Altaïr, as experienced by the protagonist Desmond Miles. The primary purpose of the game is to perform a sequel of Assassinations ordered by Al Mualim, the head of the Assassins. To solve this goal, a player must travel from the Hatch's headquarters in the Masyaf, across the grounds of the Holy Land known as the Kingdom to 1 of the 3 cities - Jerusalem, Acre or the Damascus - to find the Brotherhood agent in the city. Keygen corel draw x6. There, the agent, in addition to providing a protected home, gives the player minimal knowledge about the purpose and requires them to further carry out recon missions for attempted murder. These missions add eavesdropping, interrogation, pickpocketing and completing the tasks for informants and fellow killers. In addition, a player can participate in any number of side goals in these open world environments, more climbing tall towers to map the city, and saving civilians who are at risk or harassed by city guards. There are also several side quests that do not advance the plot, such as hunting and killing Knights Templar and collecting flag. Assassin's Creed is the next generation action adventure sandbox game with great gameplay. Assassin's Creed Revelations is a 2011 stealth video game developed and released by Muhammad Niaz. It was released for Xbox 360 and PlayStation 3 in November 2011 and for Microsoft Windows in December 2011. It is the fourth major installment in the Assassin's Creed series, a direct sequel to 2010's Assassin's Creed Brotherhood, and the final game in the Ezio trilogy. Set in a fictional history of real-world events set in three periods, the story features three recurring protagonists: Altaïr Ibn-La'Ahad in 13th century Masyaf, Ezio Auditore da Firenze in 16th century Constantinople, and series protagonist Desmond Miles in 21st century America. The main story follows the Journey of the Assassin Ezio to unlock the secret of Altaïr's vault in Masyaf with disc-like artifacts containing Altaïr's memories. Intersecting with these historical events are the contemporary activities of Desmond, who relives Ezio's memories to find a way to fight against the enemies of the Assassins, the Templars, and to prevent the apocalypse of 2012. Assassin's Creed: Revelations is set in an open world and is presented from the perspective of the third person with a primary focus on using Ezio's, Desmond's, and Altaïr's combat and stealth skills to eliminate targets and explore the environment. One of the protagonists (Ezio) is free to explore the Assassin Base in the city of Constantinople and the city itself to complete side missions away from the primary storyline. The game was followed by Assassin's Creed III in October 2012, a direct sequel that continued the story of Desmond Miles and introduced a new 18th-century playable character.
